

A Caring Difference You Can Feel

Do you have a strong desire to supervise and coordinate compassionate care for our terminally ill?

Providence Hospice is currently experiencing exciting growth and expansion of services. We are looking for specially trained and highly dedicated nurses to join our team. At Providence, our interdisciplinary team addresses the needs of the whole person- including their physical, spiritual, emotional, social and family issues.

RN Supervisor, Hospice– Portland, OR (*job #26936*)

This role will provide you an exciting challenge to deliver consistently high quality care in a variety of environmental settings with the support of an interdisciplinary team.

The Supervisor of Hospice must have two (2) years clinical experience in Home Health or Hospice and two (2) years management experience, including budget responsibilities, staff development, and customer service.

As the largest health care system in Oregon and the second largest employer in the state, Providence offers generous perks and comprehensive benefits. Join the Providence team and work in a mission-driven environment that encourages diversity, personal growth and fosters our core values of Respect, Compassion, Justice, Excellence, and Stewardship.
